

5TH

HEALTH & JUSTICE

SUMMIT

AGEING WELL IN SECURE ENVIRONMENTS

A 2 day summit jointly organised by the RCGP Secure Environments Group and all four U.K. high secure hospitals – Ashworth, Broadmoor, Rampton and The State Hospital.

Designed for clinicians, managers, governors and staff responsible for the care of people in secure environments and in particular the physical healthcare of those in secure mental health units, prisons, IRCs and YOIs.

Monday 27th and Tuesday 28th November 2017 – Marriott Hotel, Glasgow

Supported by:

5TH

HEALTH & JUSTICE

SUMMIT

AGEING WELL IN SECURE ENVIRONMENTS

This summit is designed for clinicians, managers, governors and staff responsible for the care of people in secure environments and in particular the physical health care of those in secure mental health units, prisons and immigration removal centres and youth offending institutions.

The two day programme will focus on Ageing Well in Secure Environments, including lived experience and health conditions and improving health outcomes.

The programme on the first day will broadly address physical health in secure mental health environments, and the second day will address the health needs of people in other secure environments such as prisons, immigration removal centres and YOIs though there is crossover on each day to appeal to those in both environments.

This summit is a unique opportunity for leaders in the field from across the UK to come together to network and share experiences and expertise. It will give delegates a rich source of knowledge and practical advice about managing physical health in secure

environments and provide an opportunity for discussion of some of the biggest challenges and ethical dilemmas in this area.

This year we will be continuing our popular and successful award for best clinical team in secure environments. This award recognises the multidisciplinary team that has had the greatest impact on improving health experience and outcomes for people in secure environments. We invite applications from any member of the team.

Please visit <http://www.centrevents.co.uk/5thhealthandjustice.html> for details of how to nominate your team.
